

2025 MCI National Dressage Championships

***Become involved in the most elegant sport
on the planet!***

Saturday 6th and Sunday 7th September 2025

ADDINGTON EQUESTRIAN

TEAM MCI GB at the MCI European Finals in Paris

MCI GB is the British branch of the MCI-EU (Masters du Cheval Iberique) – a European Dressage League exclusively for Iberian horses – open to PRE's (Spanish Purebred) and PSL's (Portuguese Purebred) horses.

THE 2025 MCI GB NATIONAL SHOW

We are delighted to announce that we will be holding our next MCI GB National Dressage Championships again at the fabulous facilities of Addington Equestrian on the 6th and 7th September 2025.

The National Championship show is open to all Purebred's **AND** Part-bred/Fusion PRE's and PSL's and Menorcan horses whereas the MCI European finals is only open to Purebred PRE's and PSL's.

The MCI GB continues to grow and has become an important show in the dressage calendar. It is extremely popular with Iberian owners and riders and their supporters.

We offer a fantastic opportunity to compete at our National show with a chance of being selected to represent Great Britain as part of Team MCI GB at the prestigious European finals. Next year the final will be held at Le Mans in France and we are sure we will have a great team to represent Great Britain as we are aiming for Gold.

The MCI GB National show rules and regulations can be found on our website.

MARKETING AND PROMOTION

The team are extremely active on social media, which helps to promote the sponsor/s through many avenues such as Facebook (3,800 + followers), not just in the UK but all of the social media avenues via all of the countries competing.

The website, www.mcigb.co.uk is regularly visited throughout the year by members and the general public. The Iberian horse is fast growing amongst Professional and amateurs alike due to the superb trainability and character that Iberian horses possess.

MCI GB have a fabulous clothing range available to purchase via the website. All competitors and supporters representing TEAM MCI GB at the European finals wear this clothing range at the Championships.

The following countries attend the European finals each year: France, Italy, Belgium, Czech Republic, Spain, Portugal, the Netherlands and Great Britain. We understand that very soon Germany will also join.

British Dressage, the UK governing body for dressage, is fully supportive of the MCI GB and posts regular news updates on their website, this reaches over 100,000 readers/members.

The series of qualifiers take place around the whole of the UK culminating at the National Championships. The Nationals are televised by clipmyhorse.com.tv with coverage from Horse and Hound, British Dressage and Eurodressage plus Kevin Sparrow Photography.

Dressage, amongst other equestrian sports, is unique in the mental toughness required of the human athletes for many reasons. With the unpredictable nature of horses it is like no other sport. Whilst every athlete faces many pressures in their pursuit for success, the sport of dressage is particularly complex, especially given the fact that the rider is not the only emotional entity in the arena, the horse also has a mind of its own....
