Maximum score for this jury 20 points

Composition of the final score with 3 Judges (max 1274)

Compulsory movements (judges score max 600 points) = 47 % of the final mark

Optional movements (judges score max 54 points*) = 4,5 % of the final mark

Artistic mark (judges score max 600 points) = 47 % of the final mark

Dress mark (judges score max 20 points) = 1,5 % of the final mark

*Explanation of the mark for optional movements for the Freestyle to Music classes:

The basic principle is to give a bonus to riders performing the optional movements without penalizing those who do not perform them. Consequently, the score of an optional figure is not taken into account if it does not receive at least 5 marks.

In fact a 1-2-3-4 allows 0 bonus points, a 5 allows 1 point, a 6 = 2 points, a 7 = 3 points etc.

To obtain the percentages and in order not to penalize (in the result in %) riders not performing the optional movements, the latter are not affected by a coefficient counting in the final division for the calculation of the percentage

Calculation of percentages by the judges - ((technical points + bonus points + artistic points) / 400)*100

Calculation of final percentages = ((total points from each judge + points for dress if obtained) which divides ((400 x number of judges) + (20 points))*100

Theoretically, a rider performing to perfection the technical, artistic and optional movements obtains more than 100%.

In practice, two riders receiving 6's overall, with 3 judges, one performing the optional movements, the other not, would obtain respectively 758 points (62.10% and 740 points (60.70%).
